The Need

- Pets For Vets relies on volunteers to transfer shelter animals to veterans.
- High demand has created a bottleneck in cross-country transportations.

The Partnership

- U.S. Xpress will assist in the transportation of companion animals.
- Pets For Vets will be able to serve more veterans in need.

The Outlook

- U.S. Xpress will determine where need overlaps with existing routes.
- The first partnership transportation is set for December 2020.
